Emergency Contact: _____ Phone Number: _____

Bath: YES / NO Instructions: _____

Special Diet: YES / NO Instructions: _____

Medications: YES / NO Instructions: _____

Special Instructions: _____

Please review the information above to make sure it is correct and complete.

- All pets will be treated with Capstar to protect them and prevent the spread of fleas in the hospital, regardless of if they are already on a monthly flea preventative.
- Hours for boarding pick ups are between 9:00 AM and no later than 5:00 PM. Saturday pick-ups are between 9:00 AM and no later than 12:00 PM.

I give permission to the doctors and staff of Maryville Animal Hospital, Inc. to treat my pet, should the need arise, while being boarded. I am aware that if my pet shows signs of illness or parasites (worms, fleas, ticks, etc.) it will be treated at my expense while being boarded. This is necessary to reduce the spread of disease within the hospital. I understand that if my pet requires a bath for hygienic reasons, such charges will be added to my bill.
